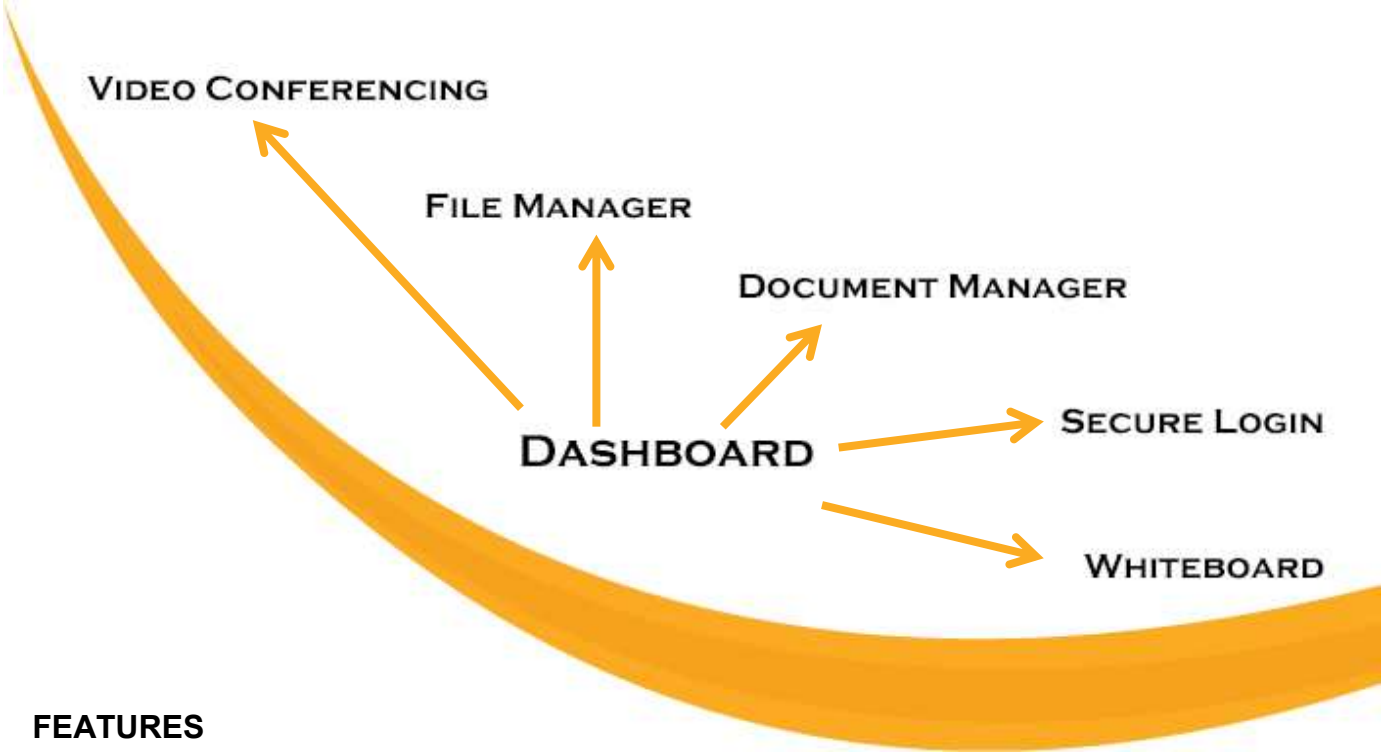
ISF Analytica & Informatica Pvt.Ltd

EasyComm

ISF brings together features of two of its strong product namely, Fortimates & MentorBox into EasyComm – The “Secured Communication” Portal

MISSION
Is to create our EasyComm as a revolutionary secured communication platform in the pursuit of eliminating all kinds of fraud.



FEATURES

The Dashboard of MentorBox allows users to get mentored as a company or as a learning group.

MentorBox is protected by a **Secure Login** which makes sure your data is only shared with people authorized by the admin.

Whiteboard is a plug-in that enables online team collaboration to be used for brainstorming, tutoring for education/ discussion, collaborate to share blueprints, strategic plans, system drawings in real time.

The whiteboard can be saved as an image into a PDF file and can be shared across the team.

Document Manager allows the user to create different documents that are going to be consumed by the team/project. Each file gives information about its author when it was created and other file credentials.

Video Conferencing is a plug-in like any other video conferencing tool that enables people to the conference and creates a dedicated/ locked room with a flexible layout.

The File Manager allows the users of the team to organize the files created in the process to store it on the server so that it can be downloaded later on for reference or otherwise.

NEXT STEPS

To provide secured communication for various stakeholders

1. Colleges & Universities conducting education
2. Government departments conduction confidential meetings
3. Companies conducting review meetings & discussions
